Welcome to the Promote Your Program & Address Sustainability Checklist – part of the Coffey Consulting’s Tools of the Trade – Resource Guides and Workbooks to help you hit the “pause button” as you plan and implement your program. Completing this checklist will help:

☑ Confirm your program’s missing pieces
☑ Determine how best your Coach can assist you in achieving goals and objectives
☑ Verify the Resource Guide and Workbook pages that are most relevant to your needs

As an Intermediary Grantee, you have the dual responsibility of evaluating your program’s progress, as well as your sub-grantees’ ability to deliver on their promises. As such, two checklists are provided.

Your leadership team can fill out the forms or you can have your staff members complete and compare responses. The second approach provides opportunities to consider consistent and inconsistent beliefs and practices among staff members, setting the stage to get everyone on the same page. Either way, you may want to consider using this checklist after about a month into your planning phase.
