Welcome to the Promote Your Program & Address Sustainability Checklist – part of the Coffey Consulting’s Tools of the Trade – Resource Guides and Workbooks to help you hit the “pause button” as you plan and implement your program. Completing this checklist will help:

☑ Confirm your program’s missing pieces
☑ Determine how best your Coach can assist you in achieving goals and objectives
☑ Verify the Resource Guide and Workbook pages that are most relevant to your needs

There are lots of ways to use this form. Your leadership team can fill it out or you can have your core staff members complete and then compare responses. The second approach provides opportunities to consider consistent and inconsistent beliefs and practices among staff members, setting the stage to get everyone on the same page. Either way, you may want to consider using this checklist after about a month into your planning phase.
